

## How to order.

All orders are subject to availability at the time of dispatch due to limited stock, as these are sold as surplus stock as we are not a commercial grower.

Full payment must accompany your order unless previous arrangement has been made, and all orders are subject to availability.

Should a variety be sold out we will substitute with a variety which is of equal unless advised no substitutes.

Minimum order 4 plants.

**Cheques/postal orders made payable to :- G & K Carnations.**

Orders will be dispatched when they are ready from April 2024.

All orders are sent with the Royal Mail and are **FREE** of P&P  
If for any reason you are dissatisfied with the plants then please return within 48 hours of receipt.

Acknowledgement of orders will not be sent, if you require such acknowledgement please send SAE or please give your email address.

**All plants are sold subject to these terms and conditions.**

**Please print your POST CODE clearly, along with any contact details such as phone number or email address so that we can inform you that your plants have been sent.**

## **Border Carnations.**

Border Carnations are **NOT** stopped and for exhibition purposes pot on into at least a 2 litre pot using the same compost mix as Standard, as stated do not stop the plant and allow the main crown bud to flower, removing side buds as they develop.

Only feed once with a higher potash feed when the crown bud is formed. Support the growing stem with at least a 3' cane and tie in the growing stem to the cane to keep the stem straight, use wire rings or twist ties for such.

They may be grown in the border and kept outside as they are totally frost hardy but if showing then protect the blooms from adverse weather conditions, if grown just for flower then do not remove the side buds as this will extend the flowering period.

**We are still building up stock, and even more so now since the November storm Arwen wiped out our poly-tunnel that we kept the Border Carnations in. So unfortunately we will still not have any Border Carnations for sale this year.**

We are trying to build up a National collection, and for this we seek your help. It's unfortunate that Border Carnations are no longer as popular as they once were and due to this so many Border Carnations are being lost, if you can assist us with adding to our collection then please contact us as we would be extremely grateful for any cultivar of the older varieties, if you are unsure of their names then still contact us as we can trace the cultivars name and it would help build up a record. Please contact us if you can help or know of anyone who still grows these aristocrats of the Carnation world.
